Journal - Office of Legislative Counsel  
Thursday - 30 September 1976

Page 2

X1 7. [ ] LIAISON I called Rick Inderfurth,  
Senate Select Committee on Intelligence staff, and briefly outlined  
X1 for him the program we were setting up for he and Mike Madigan,  
also on the Committee staff, [ ] 13-15 October 1976.

X1 8. [ ] LIAISON I delivered to Bill Ashworth,  
on the staff of the Subcommittee on Arms Control, International  
Organizations and Security Agreements, Senate Foreign Relations  
Committee, follow-up responses to questions raised at the hearing  
before the Subcommittee on 22 September.

X1 9. [ ] LIAISON I dropped by the office  
of Edward Braswell, Senate Armed Services Committee staff, and  
obtained his signature on termination secrecy agreements which  
[ ] had asked that I have him sign.

X1 10. [ ] LIAISON Robert Pelleya,  
on the staff of Senator Dick Stone (D., Fla.), called and stated that  
Senator Stone had not received a response as yet to his 11 June 1976  
letter with respect to veteran's rights for Bay of Pigs participants.  
I indicated to him that we had sent the Senator an interim response  
on 21 June and that I had also advised the Senator's office by telephone  
on 4 August that we were still working out the answer. Pelleya said  
that the Senator was quite anxious to receive a reply. I told him that  
there was considerable background to this matter and that we hoped  
to be able to respond within the next few days.

X1 11. [ ] LIAISON Philip Hughes, Congressional  
Budget Office, visited Headquarters for an intelligence briefing on  
Soviet capabilities to neutralize U.S. and NATO theatre forces.

X1 [ ] office, OCI, arranged the briefing which  
included participation from members of [ ] staff. OSR  
They responded afterward that [ ]

X1 [ ] on the whole the briefing went  
smoothly and all of his questions were satisfactorily answered.  
He was given two packets of information which his colleague,  
Charles Sorrels, had requested and he said he would deliver them  
to him.
